Secondary Distribution via Over-allotment and Related Matters

The secondary distribution via over-allotment shall be a secondary distribution of MEL's investment units by the Underwriter, which the Underwriter shall borrow from Mitsubishi Estate in a number not to exceed 2,000 units upon the Public Offering, separately from the Public Offering, taking into consideration the status of demand and other factors relating to the Public Offering. The number of investment units to be distributed in the secondary distribution via over-allotment is scheduled to be 2,000 units. The number of investment units above is the maximum number of investment units to be distributed; there may be instances in which the number may decrease or the secondary distribution via over-allotment itself may not take place at all, depending on the status of demand and other factors relating to the Public Offering.

Furthermore, in connection with the secondary distribution via over-allotment, for the purpose of allowing the Underwriter to acquire MEL's investment units required for returning the Borrowed Units, MEL resolved, by its board of directors meeting held on Thursday, Aug. 13, 2020, to issue 2,000 new investment units by way of third-party allotment (the "Third-party Allotment") to the Underwriter with the payment date on Wednesday, Sept. 30, 2020.

In addition, during the period from the date following the last application period date for the Public Offering and the secondary distribution via over-allotment to Friday, Sept. 25, 2020 (the "Syndicate Covering Transaction Period"), there may be cases where the Underwriter may purchase MEL's investment units on the Tokyo Stock Exchange, which shall be in a number not to exceed the number of investment units pertaining to the secondary distribution via over-allotment, for the purpose of returning the Borrowed Units (the "Syndicate Covering Transaction"). All of MEL's investment units acquired in the Syndicate Covering Transaction by the Underwriter shall be allocated to return the Borrowed Units. During the Syndicate Covering Transaction Period, there may be instances in which the Underwriter decides not to engage in the Syndicate Covering Transaction at all or decides to end the Syndicate Covering Transaction without purchasing investment units in a number equal to the number of investment units pertaining to the secondary distribution via over-allotment.

Furthermore, the Underwriter may engage in stabilizing transactions related to the Public Offering and the secondary distribution via over-allotment, and MEL's investment units purchased through such stabilizing transactions may possibly be used, in whole or in part, to return the Borrowed Units.

As for the remaining number of investment units after reducing the number of MEL's investment units purchased through the stabilizing transaction and the Syndicated Covering Transaction used to return the Borrowed Units from the number of MEL's investment units for the secondary distribution via over-allotment, the Underwriter intends to acquire MEL's investment units through the Third-party Allotment. For this reason, it is possible that applications may not be filed for the number of investment units issued through the Third-party Allotment, in whole or in part, and as a result, the final number of investment units issued in the Third-party Allotment may decrease or the issuance itself may not take place due to forfeiture.

Whether the secondary distribution via over-allotment is exercised and the number of units to be subscribed when the secondary distribution via over-allotment is exercised will be determined on the Issue Price Determination Date. If the secondary distribution via over-allotment is not exercised, the Underwriter will not borrow MEL's investment units from Mitsubishi Estate. Therefore, the Underwriter will not acquire such number of MEL's investment units by refusing the Third-party Allotment. In this event, the issuance of new investment units through the Third-party Allotment will not take place due to forfeiture. Similarly, the Syndicate Cover Transaction on the Tokyo Stock Exchange will not be exercised.

Note: This press release has been prepared for the purpose of announcing to the public certain matters relating to the issuance of new investment units and secondary offering of investment units, and has not been prepared for the purpose of soliciting investment. This press release does not constitute an offer of securities in the United States of America. The securities referred to above have not been, and will not be registered under the United States Securities Act of 1933, as amended (hereinafter referred to as the "Securities Act"). The securities may not be offered or sold in the United States absent registration or an exemption from registration under the Securities Act. The securities referred to above will not be offered or sold, publicly or otherwise, in the United States.

Furthermore, any of the above transactions shall be conducted by the Underwriter in consultation with the other joint lead managers.

4. Change in the Number of Investment Units Outstanding after the Issuance of the New Investment Units

Current number of issued investment units outstanding:	305,815 units
Number of new investment units to be issued in the Public Offering:	40,500 units
Total number of issued investment units after the Public Offering:	346,315 units
Number of new investment units to be issued through the Third-party Allotment:	2,000 units (Note)
Total number of issued investment units after the Third-party Allotment:	348,315 units (Note)

(Note) These figures represent the number of investment units when subscription is made by the Underwriter for the entire investment units offered in the Third-party Allotment and they are issued.

5. Objective and Rationale for the Issuance

MEL will acquire new specified assets (as defined in Article 2, Paragraph 1 of the Act on Investment Trusts and Investment Corporations of Japan; the same shall apply hereinafter) which include Logicross Osaka (60% co-beneficiary interest), Logicross Nagoya Kasadera (60% co-beneficiary interest), LOGIPORT Osaka Taisho (17.5% additional co-beneficiary interest), MJ Logipark Kazo 2 and MJ Logipark Sendai 1 (the “Five New Properties”) as set forth in “Notice Concerning Acquisition of Domestic Real Estate Trust Beneficiary Interests and Lease Contracts with New Tenants” announced today, using proceeds from the Public Offering, new concurrent borrowings and utilizing cash on hand. MEL believes that, through the acquisition of the Five New Properties, MEL can achieve steady expansion of its portfolio and grow its unitholder value. The issuance of the new investment units was decided after having considered factors such as market trends, distributions per unit and other factors.

6. Amount, Use and Schedule of Expenditure of Net Proceeds from the Offerings

(1) Amount of Funds to be Procured (Estimated Net Proceeds)

17,851,000,000 yen (maximum)

(Note) The above amount represents the total sum of 17,011,000,000 yen in net proceeds from the Public Offering, and 840,000,000 yen in maximum net proceeds from the Third-party Allotment. The above figures represent estimated amounts calculated based on the closing price of MEL’s investment units for ordinary trading on the Tokyo Stock Exchange as of Monday, July 27, 2020.

(2) Specific Use of Net Proceeds and Schedule of Expenditure

Net proceeds from the Public Offering (17,011,000,000 yen) are scheduled to be partially used to fund the acquisition of the Five New Properties. The maximum proceeds from the issuance of new investment units through the Third-party Allotment (up to 840,000,000 yen) are scheduled to be used to fund the repayment of all or a portion of the borrowings. The remainder of the net proceeds of the Third-party Allotment will be kept as cash on hand and be deposited with financial institutions until the time of expenditure. Such cash on hand will be utilized to fund a portion of future acquisitions of specified assets or a portion to repay borrowings.

7. Designation of Allottee

The Underwriters plan to allocate 1,750 units out of the MEL’s investment units to be issued in the Public Offering to Mitsubishi Estate as the purchaser designated by MEL.
